RE: FIELD DIVISION ARREST REGISTER
PORTLAND OFFICE
ALIEN ENEMY CONTROL

Dear Sir:

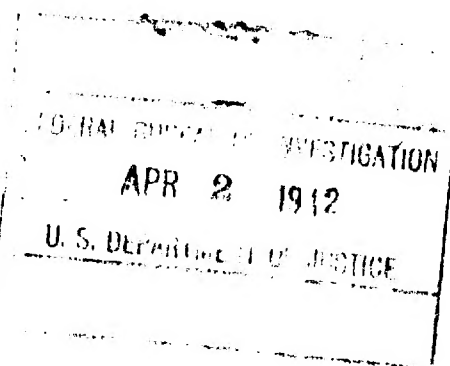

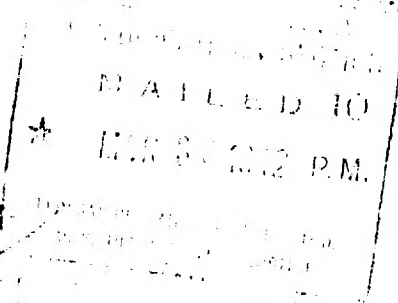

The Italian Arrest Register for the Portland Field Division lists the name of Faustino Nicola twice. The first listing carries with it the Arrest Serial Number, Portland I-7, while the second listing carries with it the Arrest Serial Number, Portland I-10. A review of the Bureau records indicates that only one Presidential Warrant has been received setting forth the name of Faustino Nicola.

In view of these circumstances, you are to immediately advise whether this name is inadvertently duplicated on the Italian Arrest Register, or whether there were actually two persons apprehended bearing the name of Nicola. If two individuals with the same name were apprehended and you have any other information which would show the individual identity of these persons, such as a "Junior" or a "Senior" designation, furnish it to the Bureau.

Very truly yours,

John Edgar Hoover

**MEMORANDUM FOR MR. EDWARD J. ENNIS,
DIRECTOR, ALIEN ENEMY CONTROL UNIT.**

By letter dated January 5, 1942, the Honorable Walter M. Pierce, member of Congress, informed me that a suggestion has been made to him that there should be a very special investigation of the situation in regard to Japanese section hands who are employed on railroads in the far West. He pointed out specifically that he knew that Japanese are employed by the Union Pacific Railroad. Congressman Pierce inquired whether this situation has been discussed with the railroad companies operating in the far West and whether due care is being exercised in this matter.

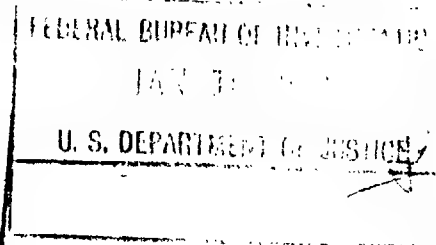

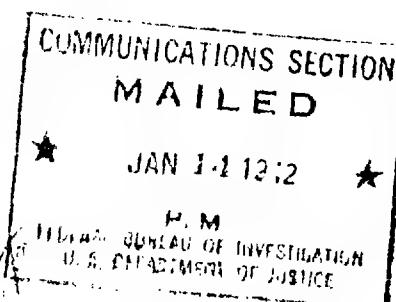

Congressman Pierce's letter has been acknowledged and he was informed that the subject of his communication would be brought to your attention.

I would be happy to receive any comments which you may desire to make concerning this matter.

Honorable Walter M. Pierce
House of Representatives
Washington, D. C.

My dear Congressman:

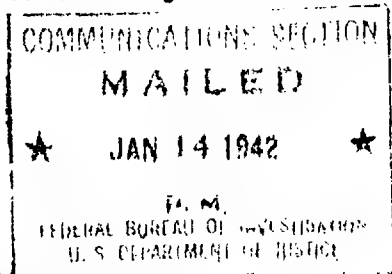

Your letter of January 5, 1942, addressed to Assistant Director D. W. Ladd, concerning Japanese who are employed as section hands on railroads in the far West, has been referred to me.

Your interest in this matter is indeed appreciated, and you may be assured that your suggestions have been carefully considered. In reply, I would like to say that the FBI is keenly alert to the possibilities of danger which exists by reason of the presence in our country of nationals of enemy nations, and you may be certain that any reports of activities inimical to the best interests of the United States are being afforded prompt and vigorous attention. A number of enemy aliens who are deemed dangerous at the present time have, as you know, been apprehended and, in some cases, detained.

The role of the FBI in cases involving dangerous enemy aliens is the collection of evidence of their activities and backgrounds, and their apprehension when authorization has been received from the proper sources. Thereafter, matters relating to enemy aliens are handled by the Director of the Alien Enemy Control Unit of the Department of Justice.

With respect to citizens, regardless of their former allegiance, under present provisions, they are immune from detention in the absence of violation of statutes of the country, and our investigations of them are, of course, directed towards the securing of evidence where there is a possible violation of statutes within our jurisdiction.

In view of the fact that our function is restricted to the finding of facts which must be related to problems of law enforcement, the FBI does not have any grounds for interposing itself in questions arising out of the employer-employee relationship of private concerns or other governmental agencies.

We are, of course, cognizant of the possibilities presented by the situation, and I have called the matter to the attention of the military and naval authorities, as they are primarily interested in the safeguarding of transportation facilities on the west coast. In view of this fact, it is thought that you might desire to communicate with the War Department concerning the problem.

I thought that your suggestions might be of interest to the Attorney General, and I have, therefore, taken the liberty of referring this matter to him.

I hope that I have been of some assistance to you in this matter, and I assure you that any information you may come across concerning subversive activities will indeed be welcomed by the FBI, for we desire to exert the utmost vigilance to guarantee the success of our role in protecting the nation's internal security.

With expressions of my highest esteem and best wishes,

Sincerely yours,

Walter M. Pierce

January 5, 1942.

Mr. D. M. Ladd,
Federal Bureau of Investigation,
U. S. Department of Justice,
Washington, D. C.

My dear Mr. Ladd:

It has been suggested to me that there should be a very special investigation of the situation in regard to Japanese section hands who are employed on railroads in the far west. I know this is true in the Union Pacific.

I would like to know whether this has been taken up with the railroad companies and whether due care is being exercised.

Very sincerely yours,

Walter M. Pierce

I called SAC Swenson at Portland and advised him that, according to our records, his office has not yet submitted information concerning three German aliens who were apprehended in the Portland Division and that consequently the Bureau had been unable to submit dossiers concerning these individuals to the Department. I told Mr. Swenson to check back and advise the Bureau by air mail special delivery letter the names of German aliens who were apprehended and the date upon which the material concerning each was transmitted to the Bureau. Mr. Swenson stated he thought all data had been forwarded to the Bureau but that he would make the necessary check immediately.

From: J. Edgar Hoover - Director, Federal Bureau of Investigation

Subject: PRESIDENTIAL WARRANTS; INTERNAL SECURITY - ALIEN ENEMY CONTROL

Reference is made to your letter of September 17, 1942 (Portland file 100-9). Please be advised that the names of the following subjects appeared on group Presidential Warrants which were received by the Bureau at the Dept of Government, on December 22 and 23, 1941:

Frank Paul Burger
Albert Valentin
Edward Bruno Dietz

Toraichi Konavashi
Yu Azuma

All copies of the above mentioned warrants are being retained in the files at the Dept of Government due to the fact that the names of numerous individuals residing in various parts of the country appeared on these warrants. In view of these circumstances, you may consider it advisable to prepare reference forms for insertion in the main files for the above listed subjects in line with the suggestions contained in Bureau letter of July 21, 1942, relative to the individuals whose names appeared on the group Presidential Warrants received by the Bureau at the outbreak of the war.

The name of Ludwig Karl Franz Schmitt appeared on a group Presidential Warrant designated as German List No. 5 which was received by the Bureau on December 12, 1941, as Louis Schmitt. This name was not given in the group of names set forth as German List No. 1 which was transmitted to you with Bureau letter of July 21, 1942, inasmuch as his address as given on the warrant was within the jurisdiction of the Mr. Glavin Phoenix Field Division.

Mr. Ladd _____ The name of Erich Schleiff appeared on a group Presidential Warrant designated as German List No. 1 which was received by the Bureau on December 8, 1941, as Erich Schleiff. You were not advised of this fact in Bureau letter of July 21, 1942, for the same reason that you were not informed of the listing of the name of Ludwig Karl Franz Schmitt as stated above.

Mr. Coffey _____ In view of the above circumstances, you will not be furnished with copies of individual Presidential Warrants for these individuals. Any inquiries received by you relative to your authority for having taken these persons into custody should be handled in accordance with the instructions contained in Bureau letter of July 21, 1942, bearing the caption "Presidential Warrants: Internal Security - Alien Enemy Control".

Dear Sir:

With reference to Bureau letter of March 30, 1942 concerning the Italian Arrest Register at the Portland Office which reflects the name of FAUSTINO NICOLA twice in that he is carried as I-7 and I-10, I wish to advise that this was an inadvertence and FAUSTINO NICOLA should be carried as I-7.

The next Italian apprehended will be given the number I-10 in order that the numbering system of the register will be correct.

QUARTERLY RECAPITULATION LETTER

Reference is made to Bureau letter dated November 28, 1944, in the above indicated matter.

This is to advise that a review of the Field Division Arrest Register maintained by this office reflects the arrest of 134 Germans. Included in this number is one citizen. It therefore appears that the recapitulation letter submitted by this office on October 3, 1944, was in error and that the total German aliens arrested should have been indicated as 133, and not 134.

QUARTERLY RECAPITULATION LETTER

Reference is made to your letter dated November 15, 1944, in which you pointed out that the two previous recapitulation letters clearly reflect 134 German aliens and one citizen as having been arrested by your office.

You are referred to my letter of October 25, 1944, in which you were instructed to submit information pertaining to the person assigned G-135.

You state in your letter of November 15, 1944, you have arrested 134 German aliens and one American citizen of German nationality. You should, therefore, have 135 apprehensions listed on your permanent German Arrest Register, inasmuch as you have been instructed to assign arrest register numbers to each person arrested by your office. The Bureau records reflect 133 German aliens and one American citizen of German nationality as having been apprehended by you. Therefore, if you have not assigned arrest register number G-135, you either have an arrest register number which has not been assigned or you have assigned the same arrest register number to two persons.

The Bureau is interested in clearing up this discrepancy. You will, therefore, recheck for possible errors in line with the above suggestions. If the results of the check are negative, you will submit a photostatic copy of your permanent German Arrest Register.

QUARTERLY RECAPITULATION LETTER

DATE: November 15, 1944

Reference is made to Bureau letter dated October 25, 1944, wherein this office was requested to submit a letter reflecting the individual's name who had been assigned arrest register #G-135.

From a review of the arrest register maintained in this office and the communications submitted to the Bureau setting forth the data necessary for the recapitulation letter, I am unable to locate any reference to arrest #G-135. The recapitulation letter submitted by this office under date of October 3, 1944, reflects a total of 134 German arrests and one citizen arrest. The last German arrested by this office was JOHN HANS SCHEUER, who was assigned arrest #G-134 and was taken into custody by virtue of a presidential warrant on April 11, 1944. The Bureau was advised of this apprehension by teletype on the same date.

STOP DESK

It is believed that a review of the last two recapitulation letters submitted by this office will clearly reflect that only 134 German aliens and one citizen have been arrested by this office.

Reference is made to your letter dated April 18, 1944, in which you advised that Joseph Ferdinand Boker was apprehended in the Portland district without a travel permit and was held by the Federal authorities at the request of the United States Attorney, who desired an opportunity of questioning Boker concerning his financial status.

Subsequent to the interview by the United States Attorney, he was released to the Immigration authorities who were instructed to arrange for his deportation to Seattle, Washington.

Under the above conditions, I believe it is advisable for you to consider Boker as having been apprehended by your Office and released upon the authority of the United States Attorney. You will, therefore, include his apprehension in your next quarterly letter.

Re: THE PORTLAND FIELD DIVISION ARREST REGISTER
ALIEN ENEMY CONTROL

Dear Sir:

Reference is made to Bureau letter dated April 10, 1944 entitled "FIELD DIVISION ARREST REGISTER".

This is to inform that a review of the German Alien Arrest Register disclosed that 132 individuals have been apprehended as of April 1, 1944, including one citizen. It is to be noted that no individual was assigned Arrest Number G-62, and through inadvertence this number was never issued. Therefore, a review of the last number appearing on the register would reflect the apprehension of 133 individuals, when as a matter of fact only 132 have been apprehended and assigned arrest serial numbers.

With reference to the apprehension of JOSEPH FERDINAND BOKER, German enemy alien, the file reflects that he was apprehended as an alien enemy by the Seattle office and was afforded a hearing by the Alien Enemy Hearing Board in that city, and that his apprehension in this district was based on his failure to have in his possession a travel permit. The United States Attorney at Portland upon being advised of his arrest in this district without a travel permit and when advised of the circumstances surrounding his arrest, requested that BOKER be held for the federal authorities so that he, the United States Attorney, would have the opportunity of questioning him concerning his financial status. It would appear, therefore, that BOKER was not apprehended because of being a dangerous alien but merely for the purpose of questioning. Subject after being questioned by the United States Attorney was not afforded a hearing by the Alien Enemy Hearing Board in this district and was released to the Immigration authorities who were instructed to arrange for his transportation to Seattle, Washington.

Advice is therefore requested as to whether the apprehension of BOKER should be listed on the Alien Arrest Register maintained in this office, and upon receipt of advice from the Bureau a corrected arrest register will be prepared and the originals furnished the Bureau.

Very truly yours,

Reference is made to your letter dated April 7, 1944, reflecting the re-issuance of the information contained in the Permanent Arrest Register as of March 31, 1944. You indicate the apprehension of 131 Germans previous to January 7, 1944, and apprehension subsequent to that date, or a total of 132 German alien apprehensions. In addition, you indicate the previous arrest of one American citizen of German tendencies or a total of 133 apprehensions as reflected by your Alien Arrest Register.

A search of the Bureau indices reveals that Arrest Register No. G-62 is missing and that Joseph Ferdinand Baker has not been assigned an arrest register number. The Bureau records indicate 132 apprehensions including one citizen since December 7, 1941. It is suggested that you review your Permanent Arrest Register for any error and notify the Bureau by return mail of any discrepancy found therein.

A review of the Permanent Alien Enemy Arrest Register of this office reflects that there are several entries missing on the German, Hungarian, Japanese and Italian registers.

A review of the subject files of the appropriate aliens reflects that entries should be as entered on the enclosed arrest registers. Re: EXCHANGE OF NAMES OF CUSTODIAL DETENTION
SUBJECTS BY THE WEST COAST OFFICES
BUREAU FILE NO. 100-141916

Dear Sir:

Your attention is directed to your letter of December 3, 1942, to the Seattle Office, in connection with the above captioned matter.

There has been prepared by this office a list of Custodial Detention subjects active in the Maritime union, who, it is thought, travel to various cities on the Pacific Coast from time to time. The names of those individuals, together with the organizations with which they are connected, are set out herein as follows:

1. HOWARD JAMES BODINE, Local Business Agent, International Longshoremen's and Warehousemen's Union
2. JAMES S. FANTZ with alias JIMMY FANTZ, Local Dispatcher, International Longshoremen's and Warehousemen's Union
3. MATTHEW JOSEPH MEEHAN, ex-International President of International Longshoremen's and Warehousemen's Union, and presently employed on local waterfront
4. JEAN JULES PIERRE HENRY FOUGEROUSE with alias JOHN J. FOUGEROUSE, JOHNNY FOUGEROUSE, Marine Cooks and Stewards Association, CIO, and Inlandboatmen's Union, CIO.

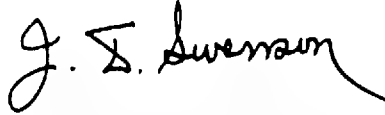

In addition to the above individuals, there are certain leading figures in the local Communist Party who have been known to travel on the West Coast, particularly to and from Seattle and Portland. The names of these individuals, together with their official connection with the Party, are indicated as follows:

1. JAMES A. MURPHY, Executive Secretary, Oregon State Communist Party
2. FRANK RICHARD STOVALL, with aliases, Richard Stovall, "Red" Stovall, Chairman, Oregon State Communist Party
3. IRVIN GOODMAN, not known as actual Party member but apparently fellow traveler, and thought to be local attorney for the Communist Party. GOODMAN has spoken on labor matters in various cities on the Pacific Coast.

All of the above individuals are Custodial Detention subjects in this office because of Communist Party activities. There are no Custodial Detention subjects in other categories in this office who are reported as travelling in various localities on the West Coast.

It should be noted that your instructions in connection with the exchange of reports between West Coast offices in the future will be followed by this office.
